## **Rules and Regulations for Exhibitors at the Stoughton Fair**

**IMPORTANT:** Please read these regulations carefully!

1. Departments 1 through 28 are open to any member in good standing with youth organizations such as FFA, FHA, 4-H, Boy Scouts and Girl Scouts. You must be a member of a youth organization to exhibit. All exhibitors will follow the 4-H age to exhibit in all the departments.
- 1a. DEFINITIONS: Clover Buds will NOT be allowed to exhibit in Departments 1 – Dairy, 2 – Beef, 3 – Swine, 4 – Sheep, 5 – Goats, 7 – Poultry, 8 – Rabbits, and 9 – Cavies for reasons of safety.
2. All items exhibited must be the result of the exhibitor's project work for the exhibit year.
3. All exhibitors must be up to date with project requirements to be eligible for participation at the fair.
4. All exhibits must be in place by 9:00 p.m. Tuesday and remain until 6:00 p.m. SUNDAY. PLEASE PICK UP PREMIUMS BEFORE YOU LEAVE THE GROUNDS ON SUNDAY.
5. All entries must be submitted on regular entry blanks to the Secretary, postmarked no later than May 31. Late entries will not be processed. Please check entry tags when you receive them to make sure they correspond with the entries you made. No additional entries or changes will be made after JUNE 20, 2021.
6. Vocational instructors and club leaders are responsible for all entries of exhibitors from their organizations.
7. Each exhibitor is limited to one entry per lot. Check individual departments for their entry limits.
8. All livestock exhibitors are required to furnish feed, water, and bedding as well as feed/water containers for their animals. Any exhibitor who does not properly care for their livestock while at the fair, will have necessary costs charged to them. Livestock exhibitors must keep their stalls open and their stock uncovered between the hours of 9:00 a.m. and 9:00 p.m. during each day of the fair. Unloading/loading of livestock will be permitted in designated areas only. Check with superintendents for more information.
- 8a. Livestock exhibits must be shown by the exhibitor unless special arrangements are made with the superintendents.
- 8b. ALL LIVESTOCK EXHIBITORS: Dairy, Beef, Sheep, Swine, Goats, Rabbits and Poultry manure waste will be collected in manure spreaders each day. Exhibitors are asked to cooperate with keeping cans and other waste out of the spreaders. Before leaving the fairgrounds each exhibitor is required to clean out their pens, stalls or cages.
9. ALL ENTRIES ARE EXHIBITED AT THE EXHIBITOR'S RISK. The Stoughton Fair Association will take responsible precautions but will not be responsible for damages, loss or theft. Uniformed Police will be on the grounds day and night to preserve order and protect property.
10. All departments will be judged on the Danish or group basis.
11. Premiums will not be awarded to unworthy exhibits or those indicating misrepresentation.

12. Any exhibitor, or friend/relative of exhibitor who interferes with any judge or superintendent in their work in any way, will cause the exhibits of said exhibitor to be disqualified from receiving any award or prize.
13. Any person who violates any of these rules will forfeit all privileges and premiums, and be subject to such penalties as the Fair Board may order.
14. Any emergency not provided for in these rules shall be referred to the Fair Board and their decision shall be final.

## Animal Health Regulations for Fairs and Shows in Wisconsin: 2021 Season

*This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information. Ref. s. ATCP 10.87, Wis. Admin. Code*

### General requirements for show organizers

**All fairs or exhibitions of any length** must obtain, review, and keep for five years all required records and test results:

- Exhibitor's name and address
- Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below))
- Documents showing compliance with disease testing and other health requirements
- Livestock premises number, if any, where animals originated
- Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below)
- For swine, a record of any swine transported directly to a slaughtering establishment
- For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment

**Fairs or exhibitions lasting more than 24 hours** must appoint a licensed veterinarian to inspect all animals daily.

**Please note:** Except in specific circumstances, if an animal already bears an official 840 eartag, that eartag must not be removed and additional official eartags must not be applied. Instead the existing eartag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)

**These regulations apply** to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.

### Diseases

**Animals that show evidence of having contagious or infectious diseases** may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease.

**Bovine animals with ringworm, mange, warts or scab** will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

### Cattle and Bison

**Cattle from within Wisconsin** have no requirements for tests or health documents.

**Cattle from outside Wisconsin** must:

- Be accompanied by certificate of veterinary inspection (CVI or health certificate) documenting official animal identification (ID) and all required tests and certifications
- Have at least one form of official individual ID (including steers)
- Meet all of Wisconsin's normal requirements for import (see [https://datcp.wi.gov/Pages/Programs\\_Services/CattleBison.aspx](https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx))

### Acceptable animal IDs for all cattle from outside Wisconsin

- USDA metal ear tag number that is part of the National Uniform Eartagging System (NUES) (starts with state 2-digit code, also known as "brite" tag); this includes the orange brucellosis vaccination tag
- 15-digit "840" tags (visual or RFID)
- Valid only if applied before March 11, 2015:
  - Manufacturer-coded RFID tag – 15-digit number with the first three digits in 900s
  - American ID tag – 8 to 12-digit number prefaced with "USA"

### Brucellosis requirements for cattle from outside Wisconsin

No cattle from outside Wisconsin are currently required to be brucellosis-tested or vaccinated to come to fairs and shows in Wisconsin

### Tuberculosis (TB) requirements for cattle from outside Wisconsin

For requirements by state, see: [https://datcp.wi.gov/Pages/Programs\\_Services/CattleBison.aspx](https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx)

**Cattle from Michigan's Modified Accredited Zone (for cattle from Michigan's TB Free Zone, see requirements by state above)** also need:

- Import permit
- To originate from a herd that has a negative whole-herd TB test within 12 months before arrival in Wisconsin that includes all animals 1 year and older
- Negative individual TB tests within 60 days before entering Wisconsin
- To return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so

For information on obtaining an import permit:

- Online [https://datcp.wi.gov/Pages/Programs\\_Services/AnimalMovementPermits.aspx](https://datcp.wi.gov/Pages/Programs_Services/AnimalMovementPermits.aspx)
- Email [DATCPAnimalImports@wi.gov](mailto:DATCPAnimalImports@wi.gov)
- Call 608-224-4872

**Cattle from Canada** must meet current federal requirements to enter the United States. (See <https://www.aphis.usda.gov/regulations/vs/iregs/animals/downloads/ca-protocol-imp-cattlebison.pdf>)

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/CattleBison.aspx](https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx).

## Swine

**Swine from within Wisconsin** need a Wisconsin intra-state certificate of veterinary inspection (CVI or health certificate):

**Note:** *Herd of origin means the herd in which the pigs currently reside, likely the exhibitor's herd. When pigs are purchased from a herd, the herd from which they originate is the herd of origin for the seller. Once the purchased pigs are added into the buyer's herd (even if the buyer's herd only consists of one or just a few animals), the buyer's herd becomes the new herd of origin and that herd must meet testing requirements to move pigs again.*

- Stating that the entire herd of origin was inspected on the farm within 30 days before the show and showed no signs of disease.
- **Non-terminal Exhibitions:** All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the exhibition. Include test date, type, and results on the CVI. For swine originating from herds with positive tests, include the herd plan number on the CVI.
- **Terminal Exhibitions:** No testing requirements.

**Note:** *Terminal Exhibitions are those at which the swine go directly from the fair/show to the slaughtering establishment OR to a slaughter only market sale. If going to a slaughter only market sale, contact the Division of Animal Health fair inspector for required information to collect.*

**Note:** *If the fair intends to use a load-out facility, contact the Division of Animal Health in advance to discuss requirements that must be met.*

**Swine from outside Wisconsin** need a certificate of veterinary inspection that includes the following:

- The negative results of the PRRS test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- The negative results of the PEDv test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- A statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no clinical signs of PRRS and PEDv or any other apparent disease was present at the time of inspection.
- Official individual identification (ID)
- If the herd of origin tests positive for PRRS and/or PEDv, contact the Department of Agriculture, Trade and Consumer Protection at 608-224-4872 for options.

## Acceptable methods of ID for swine are:

- USDA silver ear tag
- USDA 840 ear tag, either visual or RFID
- Breed association tattoo if the pig is a purebred and the tattoo is registered
- An ear tag with the premises identification number and a unique identifier
- Ear notch if the pig is a purebred and the notch is registered

Requirements are subject to change as conditions warrant. For current information and for PRRS and PEDv testing options, check [https://datcp.wi.gov/Pages/Programs\\_Services/SwineMovement.aspx](https://datcp.wi.gov/Pages/Programs_Services/SwineMovement.aspx).

## Sheep and Goats

**Note:** *These rules do not apply to non-domestic sheep and goats. See Exotic Ruminants below.*

**Sheep and goats from within Wisconsin** need:

- If sexually intact, need official individual identification (ID) at any age
- If not sexually intact, need official individual ID if they are 12 months or older
- See below for Official ID options.
- Cannot be under restriction for movement to fairs and shows
- Sheep and goats that go to a market or slaughter establishment after the fair should have an owner hauler statement to move from the fair to the market/slaughter establishment

**Sheep and goats from outside Wisconsin** need:

- Certificate of veterinary inspection (CVI or health certificate) and official individual ID for all animals.
- See below for Official ID options.
- See below for additional requirements for goats from Michigan's Tuberculosis Modified Accredited Zone.
- Sheep and goats that go to a market or slaughter establishment after the fair should have an owner hauler statement to move from the fair to the market/slaughter establishment.

**Official Identification includes:**

- Scrapie eartags (including tags on neckstraps for animals with absent/injured ears or with official tattoos – see DATCP Website\*)
- USDA 840 ear tags
- Legible breed tattoos (see DATCP Website\* and NOTE below)
- Legible scrapie tattoos (see DATCP Website\* and NOTE below)
- Approved microchips (Electronic Identification/EID) – There are many requirements that need to be met to use microchips including a requirement for accompanying tattoos. See DATCP Website\* and NOTE below.
- **NOTE:** *All sheep and goats that **may go through a market or to slaughter** and require Official Identification **must be eartagged** with Official ID. Official ID in the form of a tattoo or Electronic Implantable Identification (EID) is no longer sufficient when moving through a market or going to slaughter.*
- **NOTE:** *If a Wisconsin origin animal is neutered, less than 12 months of age, and moving through a market*

after the fair, the market may require Official ID in the form of an ear tag

- \*For more information on official identification and for owner hauler statements see DATCP Website at [https://datcp.wi.gov/Pages/Programs\\_Services/OfficialID.aspx](https://datcp.wi.gov/Pages/Programs_Services/OfficialID.aspx)

**Goats from Michigan's Tuberculosis (TB) Modified Accredited Zone** also need:

- Import permit
- To originate from a herd that has a negative whole-herd TB test within 12 months before arrival in Wisconsin that includes all animals 1 year and older
- Negative individual TB tests within 60 days before entering Wisconsin
- To return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so

**For information on obtaining an import permit:**

- Online [https://datcp.wi.gov/Pages/Programs\\_Services/AnimalMovementPermits.aspx](https://datcp.wi.gov/Pages/Programs_Services/AnimalMovementPermits.aspx)
- Email [DATCPAnimalImports@wi.gov](mailto:DATCPAnimalImports@wi.gov)
- Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/SheepGoatMovement.aspx](https://datcp.wi.gov/Pages/Programs_Services/SheepGoatMovement.aspx).

## Equine

**Equine animals from within Wisconsin** need documentation of a negative EIA test done within the previous 12 months, which clearly identifies the animal by complete description, digital photographs, or an approved microchip (if a reader is available). No test is needed for nursing foals accompanying negative dams. Documentation may be:

- Official test report VS 10-11, or
- USDA-approved electronic test form, or
- Global Vet Link EIA electronic form, or
- Certificate of veterinary inspection with the test results listed

**Equine animals from outside Wisconsin** need:

- Certificate of veterinary inspection (CVI or health certificate) which clearly identifies the animal by complete description, digital photographs, or an approved microchip
- Negative EIA test done within previous 12 months that is reported on the CVI
- No EIA test is needed for nursing foals accompanying negative dams

**Equines from Minnesota** are exempt from the CVI requirement if:

- Ownership does not change while the animal is in Wisconsin
- The animal remains in Wisconsin no longer than 7 days
- Proof of a negative EIA test in previous 12 months accompanies the animal

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/HorseOtherEquineMvmt.aspx](https://datcp.wi.gov/Pages/Programs_Services/HorseOtherEquineMvmt.aspx)

## Poultry and Waterfowl (Pigeons are not considered poultry for fairs and shows)

**Poultry and waterfowl from within Wisconsin** need:

- A NPIP certificate stating that the birds originate from a US pullorum-typhoid clean or NPIP affiliate flock and turkeys must test negative for *Mycoplasma gallisepticum*, or
- A DATCP-issued certificate stating they are from a Wisconsin Tested or Associate Flock and turkeys must test negative for *Mycoplasma gallisepticum*, or
- Individually test sexually mature birds within 90 days before arrival at the show. These birds also need wing or leg band identification (ID). All birds must test negative for pullorum-typhoid, and turkeys must test negative for *Mycoplasma gallisepticum*.

**Poultry and waterfowl from outside Wisconsin** need a certificate of veterinary inspection or equivalent (such as form VS 9-3) that states:

- They originate from a flock classified pullorum-typhoid clean under NPIP or an equivalent state program and turkeys must test negative for *Mycoplasma gallisepticum*, or
- If they are sexually mature, that they have tested negative for pullorum-typhoid (and *Mycoplasma gallisepticum* for turkeys) within 90 days before arrival at the show. These birds also need wing or leg band ID.

**Not required:**

- Import permit number

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/PoultryMovement.aspx](https://datcp.wi.gov/Pages/Programs_Services/PoultryMovement.aspx).

## Exotic Ruminants

**Note:** Exotic ruminants are ruminants that are not native to Wisconsin, and are not cervids – for example, Old World camels, yaks, water buffalo, pronghorn antelope, giraffes, and non-domestic sheep and goats. In addition, please contact your county and local municipality for any restrictions.

**Exotic ruminants from within Wisconsin** have no requirements.

**Exotic ruminants from outside Wisconsin** must have:

- Certificate of veterinary inspection (CVI or health certificate)
- Official individual identification (ID) as required for tuberculosis and brucellosis testing
- Import permit
- Proof written on the CVI that they meet requirements for:
  - Tuberculosis (TB) – negative test required within 60 days before entry
  - Brucellosis – negative test required within 30 days before entry

Please call 608-224-4872 beforehand to determine which TB test to use.

**For information on obtaining an import permit:**

- Online [https://datcp.wi.gov/Pages/Programs\\_Services/AnimalMovementPermits.aspx](https://datcp.wi.gov/Pages/Programs_Services/AnimalMovementPermits.aspx)
- Email [DATCPAnimalImports@wi.gov](mailto:DATCPAnimalImports@wi.gov)
- Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/ExoticSpeciesMvmt.aspx](https://datcp.wi.gov/Pages/Programs_Services/ExoticSpeciesMvmt.aspx).

## **South American Camelids:**

### **Llamas, Alpacas, Guanacos, Vicuñas**

**South American camelids from within Wisconsin** have no requirements.

**South American camelids from outside Wisconsin** must have a certificate of veterinary inspection (CVI or health certificate) and official individual identification (ID). Official ID may be:

- Approved USDA ear tag number
- Microchip number
- Breed association registration number
- Breed association tattoo

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/LlamaAlpacaMovement.aspx](https://datcp.wi.gov/Pages/Programs_Services/LlamaAlpacaMovement.aspx).

### **Small Animals: Dogs, Domestic Cats, and Other Household Pets (ferrets, pet birds, rabbits, gerbils, guinea pigs, hamsters, domestic mice and rats)**

**Note:** For animals that are part of menageries, see also rules below for menageries. Pot-bellied and miniature pigs fall under rules for swine. Dog hybrids, domestic cat hybrids, or exotic small cat species such as servals fall under rules for Exotic small animals. Native wild animals and birds, including raptors, and captive wild animals such as raccoons, opossums, and skunks fall under rules for wild animals.

**Dogs from within Wisconsin** that are 5 months or older need proof of current rabies vaccination.

**Cats and other household pets from within Wisconsin** have no requirements.

**Dogs and cats from outside Wisconsin** that are 5 months or older need to be vaccinated for rabies by a licensed veterinarian, and regardless of age, need certificates of veterinary inspection (CVIs or health certificates) stating the age of the animal and for animals 5 months and older the date of last rabies vaccination and revaccination due date.

**Other household pets from outside Wisconsin** need certificates of veterinary inspection (CVIs or health certificates) but have no testing or vaccination requirements.

**Small animals from other nations need to meet requirements of the U.S. Department of Agriculture (608-662-0600) and Centers for Disease Control (1-800-232-4636).**

Requirements are subject to change as conditions warrant. For current information, check [https://datcp.wi.gov/Pages/Programs\\_Services/PetMovement.aspx](https://datcp.wi.gov/Pages/Programs_Services/PetMovement.aspx).

### **Exotic Small Animals (any species not covered by “small animals” above), Exotic Large Animals, and Other Wild Animals**

**Note:** Local jurisdictions may have requirements beyond the state requirements listed here.

**Animals from within Wisconsin** do not have any requirements as long as they are legally possessed in Wisconsin.

**Animals from outside Wisconsin** generally have no testing or vaccination requirements, but do need:

- Certificate of veterinary inspection (CVI or health certificate)
- Import permit number

**Note: Some animals may not be brought to Wisconsin.**

These are North American prairie dogs and the following African species: tree squirrels, rope squirrels, dormice, Gambian giant pouched rats, brush-tailed porcupines and striped mice. Some animals may require permits from the Wisconsin Department of Natural Resources. See <http://dnr.wi.gov>.

For information on obtaining an import permit:

### **Circus, Rodeo, Racing and Menagerie Animals**

**Note:** Local jurisdictions may have requirements beyond the state requirements listed here.

**Animals from within Wisconsin** must meet vaccination and testing requirements for their species. See these requirements earlier in this document.

**Animals from outside Wisconsin** need certificates of veterinary inspection (CVIs or health certificates) and vaccinations, identification, and tests required for their species. See these requirements earlier in this document. They also need import permit numbers if they are:

- Circuses and individual circus acts
- Rodeo stock other than individual participants' horses
- Multi-species menageries (defined as any animals kept in a collection primarily for purposes of exhibition or competition)
- Petting zoos

They do not need import permit numbers if they are:

- Rodeo horses owned by individual participants
- Single-species groups

**Note: Some animals may not be brought to Wisconsin.**

These are North American prairie dogs and the following African species: tree squirrels, rope squirrels, dormice, Gambian giant pouched rats, brush-tailed porcupines and striped mice. Some animals may require permits from the Department of Natural Resources. See <https://dnr.wi.gov/topic/wildlifehabitat/captive.html>

## **Guidelines for Housing and Managing Animals**

### **The State Veterinarian recommends that exhibitors:**

- Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event
- Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative
- Test cattle for Johne's disease by ELISA test, and bring them to shows only if they test negative
- Clean and disinfect vehicles used to transport animals to and from the show, and vehicles used on the grounds before, during, and after the show
- Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling them with other stock

### **The State Veterinarian recommends that show organizers:**

- House cattle separately from South American camelids and other exotic ruminants
- House cattle separately from small ruminants, especially sheep
- House ostriches, emus, rheas and cassowaries separately from domestic poultry
- House swine separately from any other mammals
- Include a space for the premises registration code on livestock entry forms
- Provide hand-washing stations near all livestock facilities
- Provide individual watering and feeding troughs rather than common ones

## **INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS (IAFE) NATIONAL CODE OF SHOW RING ETHICS**

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in the competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drugs residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for the show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with the applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance in the event. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or

medication, this shall be the prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered of a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during or after the competitive event is prohibited. In the furtherance of their of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct towards them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility of an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

### **Judging Regulations**

1. In no case shall any person who is an officer or director of a fair be eligible to judge exhibits at such fair, nor shall any person interested directly in exhibits shown in any department of a fair be eligible to judge articles or animals shown in that department.
2. No animal or article, irrespective of the number of entries in the lot in which it is entered, shall be awarded a higher rating than its merit would entitle it to in comparison to the standard of the perfection in the class.
3. When lots in the junior and educational departments are judged according to the Danish system, 4 group placings must be awarded in any lot. When there are less than 8 exhibitors in the lot, there shall not be more than 2 in the first group, not more than 4 in the first two groups and not more than 6 in the first three groups. If there are 8 or more entries in the lot, there shall not be more than 25 percent in the first group, not more than 50 percent in the first two groups, and not more than 75 percent in the first three groups. The number of awards in the last group placing may be increased to the extent necessary to give awards to all exhibitors.

### **Judges' Duties**

1. No exhibitor shall act as a judge in the department in which they exhibit.
2. Any exhibitor attempting to influence the judge in their work, in any manner, shall forfeit all premiums awarded and will be excluded from further competition.
3. When the exhibits are not deemed worthy, the judge will refuse to award a premium whether there be competition or not.
4. When respectfully requested, the judges are expected to give reasons for their decisions; stating what constitute special points of excellence in the class of animals or articles being considered, and pointing out superiority of one over another.
5. Judges will make their report of awards to the superintendents in charge, properly sign judging sheets, and turn judging sheets into the secretary's office promptly after awards are made.

### **Duties of Fair Superintendents**

1. Give judge recommendations to fair secretary. Fair secretary will send out contract.
2. Give suggestions for new superintendents to fair secretary.
3. Superintendents shall make suggestions for the improvement of their department to the fair board. Make suggestions for the premium book.
4. Fair Board will not reimburse for any dollar amount that is not approved by the fair board.
5. Sponsor names need to be submitted for fair board before contacting sponsors.
6. Set-up before the fair, help clean and arrange displays.
7. Superintendents need to be on duty in their department:
  - a. Entry day: 3:00pm – 8:00pm
  - b. Judging Day: check time and day of judging
  - c. Release day: 5:30pm – 8:00pm (any exhibits left after 8:00pm will be brought to office.)
  - d. LIVESTOCK: All livestock needs to be checked in when unloading. All animals shown at the Stoughton Fair must be identified and records must be kept with the fair secretary for 5 years. A livestock superintendent must be on duty from 4:00pm – 9:00pm, or make arrangements for an assistant to be there. Contact fair secretary with changes.

8. Superintendents should aid all exhibitors in entering and displaying exhibits, and if so requested, assists judges in affixing ribbons, but must take no part in the judging itself. Assist the judge in completing the judge's sheets completely and accurately and turning them into the secretary's office when judging is finished.
9. After judging arrange exhibits in an attractive way. Check department daily.
10. In livestock areas make sure exhibitors are keeping pens clean and animals are fed and watered. NOTE: PLEASE SUPERVISE MANURE REMOVAL AT RELEASE TIME. HELP WITH CLEAN-UP.

## **SUPERINTENDENTS AND ANIMAL WELL BEING**

### **To all superintendents and fair exhibitors**

Health and wellbeing of the animals at the Stoughton fair grounds is the extremely important to us as disease and outbreaks are becoming more abound we want everyone, making sure that we are not spreading them to other farms or fairs.

As most of the exhibitors, should understand that diseases and bugs can infect other species other than what they brought to the fair. As superintendents and Fair board members we need to maintain a healthy environment for our continued fair success.

### **Rules for Bringing animals as well as the superintendents**

1. All animals being shown at the fair must be in good health.
2. Superintendent's if you feel that animals are not in good health you have the right to have a vet examine or ask the exhibitor to take the animal in question back home.

**(Superintendents we have vet access through Stoughton Veterinary service if we need something they will come and look at the animals.)**

3. To all exhibitors superintendents, veterinarian and fair board have final say on these matters above if an animal is in question.

### DEPARTMENT 28 MEAT ANIMAL SALE

SUPERINTENDENT: Samantha White

COMMITTEE MEMBERS: Rob White, Amber Sime,  
Tammy Whittiken, Angie Whitiken, Lisa White

The following describes the rules and regulations of the  
Stoughton Fair Meat Animal Sale.

#### GENERAL RULES

1. Auction entries will be completed through Fair Entry Online like the rest of the fair. You must be entered by May 31 to be eligible for the sale. You do not need to have a specific animal selected at the time of entry – only the species to be sold.
2. The meat animal sale is open to all exhibitors that show market animals. The sale is broken into 2 categories: large and small animals.
3. Each exhibitor may sell one lot in each category.
4. Each entry must be of a meat breed.
5. Each entry must be shown in the correct class.
6. Each exhibitor must also show in the showmanship class for the species they are selling.
7. See below for head/lot limits for each species.
8. Beef steers are expected to be castrated at least 60 days in advance.
9. If an exhibitor is disqualified in any show due to cheating, misconduct, etc. they will not be allowed to sell.
10. All exhibitors are expected to market their animal to potential buyers and invite them to come to the auction.
11. All exhibitors must display a thank you card next to their identification/barn card. All other forms of thanks are up to the exhibitor.
12. All exhibitors selling at the sale will be expected to certify that the animals being sold are drug free at the date of sale. This is a regulation with state and federal laws regarding meat animals. Drug free forms will be provided at the check in site.
13. If an animal is deemed unhealthy or unfit to sell will not be allowed to sell. The final decision will be made by a staff veterinarian.
14. Each exhibitor will be expected to sign an affidavit stating that the animal originated in the United States of America.
15. Any issues exhibitor has needs to be brought to the attention of the Meat Sale Committee by Friday of Fair Week.
16. Exhibitors MUST be present to sell. If an exhibitor cannot be present they MUST be pre-approved by sale superintendent.

17. The Stoughton Fair Meat Animal Sale Committee reserves the right to interpret and enforce the rules and regulations, accept or reject any entry entirely, partially or conditionally.
18. Rules are subject to change due to industry and animal health regulations. A final copy of the sale rules will be posted by June 1 at [www.stoughtonfair.com](http://www.stoughtonfair.com). The official rules posted at [www.stoughtonfair.com](http://www.stoughtonfair.com) will be used.

#### Small Animal Sale – Boer Goats, Chickens, Ducks, Rabbits, Turkeys

19. All exhibitors selling under the Small Animal Auction will be expected to dress and deliver the animal, if requested to do so, by the buyer within 2 weeks of the Stoughton Jr. Fair. Exhibitors must include their name, full address and final dressed weight along with “Not Inspected” on the outside of the package before delivering dressed rabbits and poultry to the buyer.
20. Animals must meet current industry standards based on quality and weight. The following rules will be used as guidelines for the sale.
  - Chickens: Broilers:** 3-5.5 lbs., **Roasters:** 5.6-10 lbs.
  - Rabbits** 3-5 lbs.
  - Boer Goats:** Minimum Weight, 60 lbs; Maximum Weight, 80 lbs
  - Ducks**
  - Turkeys**
21. **Lot Limits: Chickens** – 20 (10 Broilers, 10 Roasters); **Boer Goats** – 15; **Turkeys** – 15; **Rabbits** – 15

#### Large Animal Sale – Beef, Swine and Sheep

22. Animals that are to be sold must meet industry standards. Special weight considerations will be used for “miniature meat breeds” (ie, Lowline Angus) and will be determined by sale superintendent. Weight regulations will be put into place and are as follows:
  - Beef Steers (Straight or Crossbred Beef Breeds:** Minimum Weight, 1,100 lbs.; Maximum Weight, none.
  - Dairy Steers (Dairy or Dairy Cross Breeds:** Minimum Weight, 1,200 lbs.; Maximum Weight, none.
  - Swine:** Minimum Weight, 225 lbs.; Maximum Weight, 295 lbs..
  - Sheep:** Minimum Weight, 110 lbs.; Maximum Weight, 160 lbs..
23. If an animal does not meet the weight regulations listed above, they will be ineligible to sell regardless of number of lots selling.
24. **Lot Limits:** There will be 60 head of animals sold. Limits per species are as follows: **Beef** – 15; **Sheep** – 15; **Swine** – 30. NEW in 2021: If there are extra lots available, extra lots can be “borrowed” by another species determined by sale superintendent. Extra lots will be distributed as needed.
25. The animal sold will be the animal loaded on Sunday. You MAY NOT switch animals, even if it is approved by your buyer.
26. Market animal weights are set by industry standards. these weights help ensure the consumer receives a quality product..

**Attention: Youth, Parents, Leaders, Supporters and all others  
associated with the STOUGHTON FAIR!**

As you prepare for the upcoming fair, we would like to share a few of our thoughts – Fairs date back many years to times of social activities, fun, and friendly competition. In today's world, it is easy to lose touch with what a fair should mean.

*We think that a friendly reminder is in order.*

*When exhibiting projects at the fair the goal is to have some fun and...*

- **Gain skills useful to your future career or hobby**
- **Develop skills in responsibility, planning, organization, building, growing and exhibiting a project or program of your choice.**
- **Improve communication skills with leaders, judges, parents, producers and media.**
- **Strengthen your skills in confidence and self esteem**
- **Learn industry standards and quality measures.**
- **Increase proficiency in budgeting, management, and cooperation.**
- **Apply the time honored ideals of good sportsmanship in competition with being modest in winning and generous in defeat.**

“We will do our best to help youth and all others to have the best STOUGHTON FAIR ever, in the year 2021.” Many volunteers in 4-H, FFA and others work hard to provide special opportunities, you can help make it great for all.

**Presented by: Dane County Agricultural Education Teachers**

“FFA Goal – develop members leadership skills, personal growth and career success.”
